

Robert E. Marx, DDS, is Professor of Surgery and Chief of the Division of Oral and Maxillofacial Surgery at the University of Miami Miller School of Medicine as well as Chief of Surgery at Jackson South Community Hospital in Miami. He is well known as an educator, researcher, and innovative surgeon. He has pioneered new concepts and treatments for pathologies of the oral and maxillofacial area as well as new techniques in reconstructive surgery including stem cell therapies.

His many prestigious awards, including the Harry S. Archer Award, the William J. Giles Award, the Paul Bert Award, the Donald B. Osbon Award, and the Daniel Laskin Award, attest to his accomplishments and commitment to the field of oral and maxillofacial surgery.

His textbook “Oral and Maxillofacial Pathology: A Rationale for Diagnosis and Treatment” has also won the American Medical Writers Associations Prestigious Book of the year Award and his other textbooks “Platelet Rich Plasma: Dental and Craniofacial Applications”, “Tissue Engineering”, “Oral and Intravenous Bisphosphonates Induced Osteonecrosis”, and an “Atlas of Bone Harvesting” have been best sellers. He is also a writer of fiction medical mystery novels. His first publication “Deadly Prescription” is currently a “Best Seller” on Amazon.
